Subject: TCVP: Comments on registrant proposal
Attachments: TCVP - OPP comments for Hartz proposal_061520.docx

Hi OGC,

We are getting close in finalizing our terms and conditions with Hartz for the TCVP dust and collar products. We have reviewed their latest offer and are providing comments, attached here. We would like to send these 2 pages to Hartz by tomorrow morning and are asking for a quick review. Apologies for the rapid turnaround request, our next meeting with the registrant is on Wednesday at 10:00.

When we send our comments to Hartz, we will be requesting for their final proposal that reflects these comments, and informing them that we'd like OGC to start working with their lawyers by the end of next week on the final voluntary agreement.

Also, Chem-Tech is voluntarily deleting uses for cats and dogs from their one product. For the team meeting tomorrow, we can go over these comments and ask about amending the technical labels to prohibit formulation into dust/powders for use on cats and dogs.

Thank you,
Trish
